**I BELIEVE PHARMACISTS HAVE A DUTY TO PROPERLY FILL ALL
LAWFUL PRESCRIPTIONS.**

I support legislation that would require pharmacists to properly fill all lawful prescriptions as written by a physician because I agree that:

- Pharmacists have an *ethical* and *professional* duty to ensure that patients receive medically accurate information and timely access to their lawful prescriptions, including prescriptions for birth control and emergency contraception.
- Failure to fill lawful prescriptions can result in unintended pregnancies and jeopardizes women's health.
- Pharmacists should not have the right to refuse to fill prescriptions which conflict with their moral or religious beliefs.
